

# ASK US ABOUT

## NEXT GEM MANAGEMENT

### FUTURE PROOF YOUR BRAND

What measures are you undertaking to maintain your brand's **relevance** and reach in a busy nuanced marketplace?

As **Cryptocurrency** becomes more and more mainstream, it is crucial to proactively seek and capitalize on emerging opportunities while avoiding pit-falls. For example, models now have the opportunity to receive payments without the concern of **chargebacks**.

With the **rise of AI**, a wealth of innovative tools have emerged to **enhance** all aspects of business, from optimizing user engagement and expanding reach, to refining upselling strategies.

AI marks the next step in software development and leads the **4th industrial revolution**. Next Gem Management has access to multiple AI tools that will propel your business forward and give you a more **"hands-off"** experience when managing your brand.

### FULLY MANAGED

- We've got your back!, so you can focus on what you do best- creating amazing content.
- 24/7 coverage: Your brand never sleeps, and neither do we!
- Adult Traffic: Tap into a whole new audience! Expand your reach and maximise your impact

## OUR MISSION

Our primary responsibility is to optimise **revenue generation** on your profiles through active posting, maintaining 24/7 engagement with users and using upselling strategies. We utilise marketing tools on our website and other platforms, such as Reddit, to enhance your **online presence**.

We are committed to help you grow your audience and find new **revenue streams**. This is why we have partnered up with **FrontFanz**, a Web-3 subscription platform that allows creators to sell their content online without **banking intermediaries** while allowing users to anonymously subscribe to their favorite creators.

**FrontFanz revenue streams include:**

- Subscriptions
- Live Streaming
- Content sales per video
- 1-1 Private video calls & Chat Rooms
- Tips
- PPV Messaging
- NFTs and Digital Collectibles
- Digital and Physical Goods
- SFS via recommended creator tabs
